

In an effort to support our local restaurants during the Covid-19 crisis, the Village has done a telephone poll, to see who will be open for delivery, and take out during the next two weeks. Please see the list below for what will be offered. We have also included phone numbers for your convenience. We would like to also remind everyone to follow guidelines for social distancing and practicing regular handwashing to help control the spread of the virus.

Effective: May 1, 2020
