

Reimagine Your Library

A Look To The Future

The project subject to the upcoming referendum is professionally designed to enhance the Library as a place of engagement and a cultural center for our community. With this in mind, we want to start looking forward together.

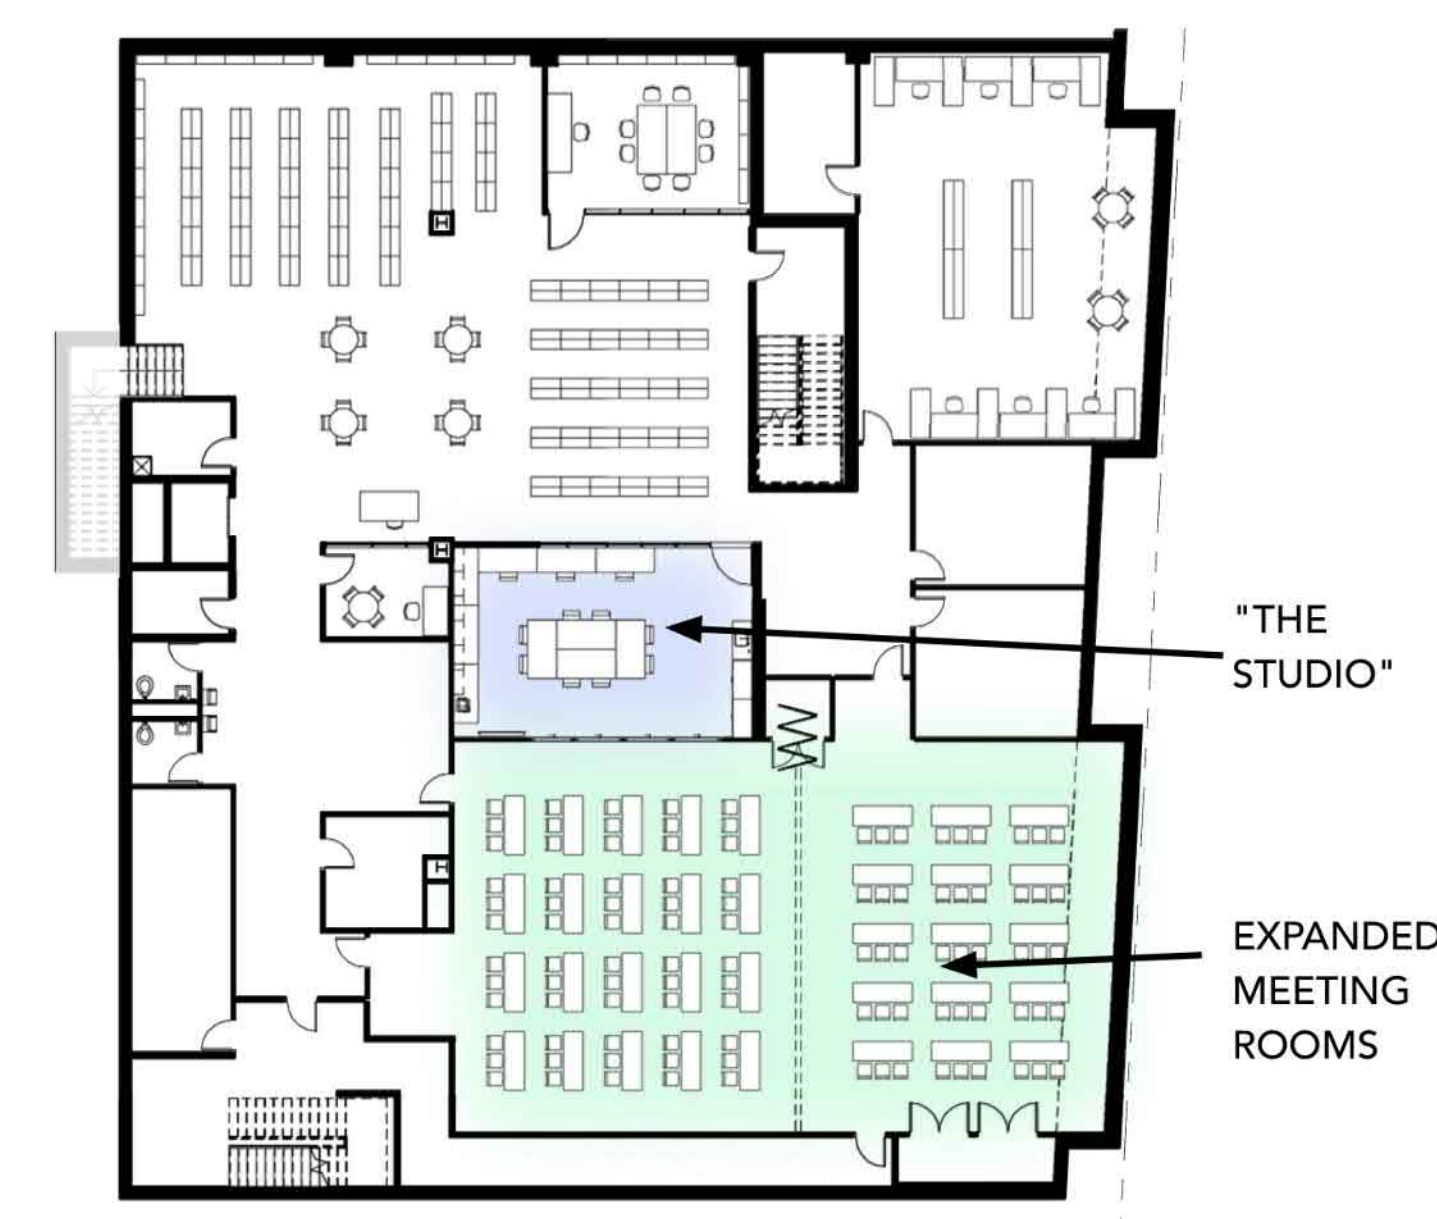

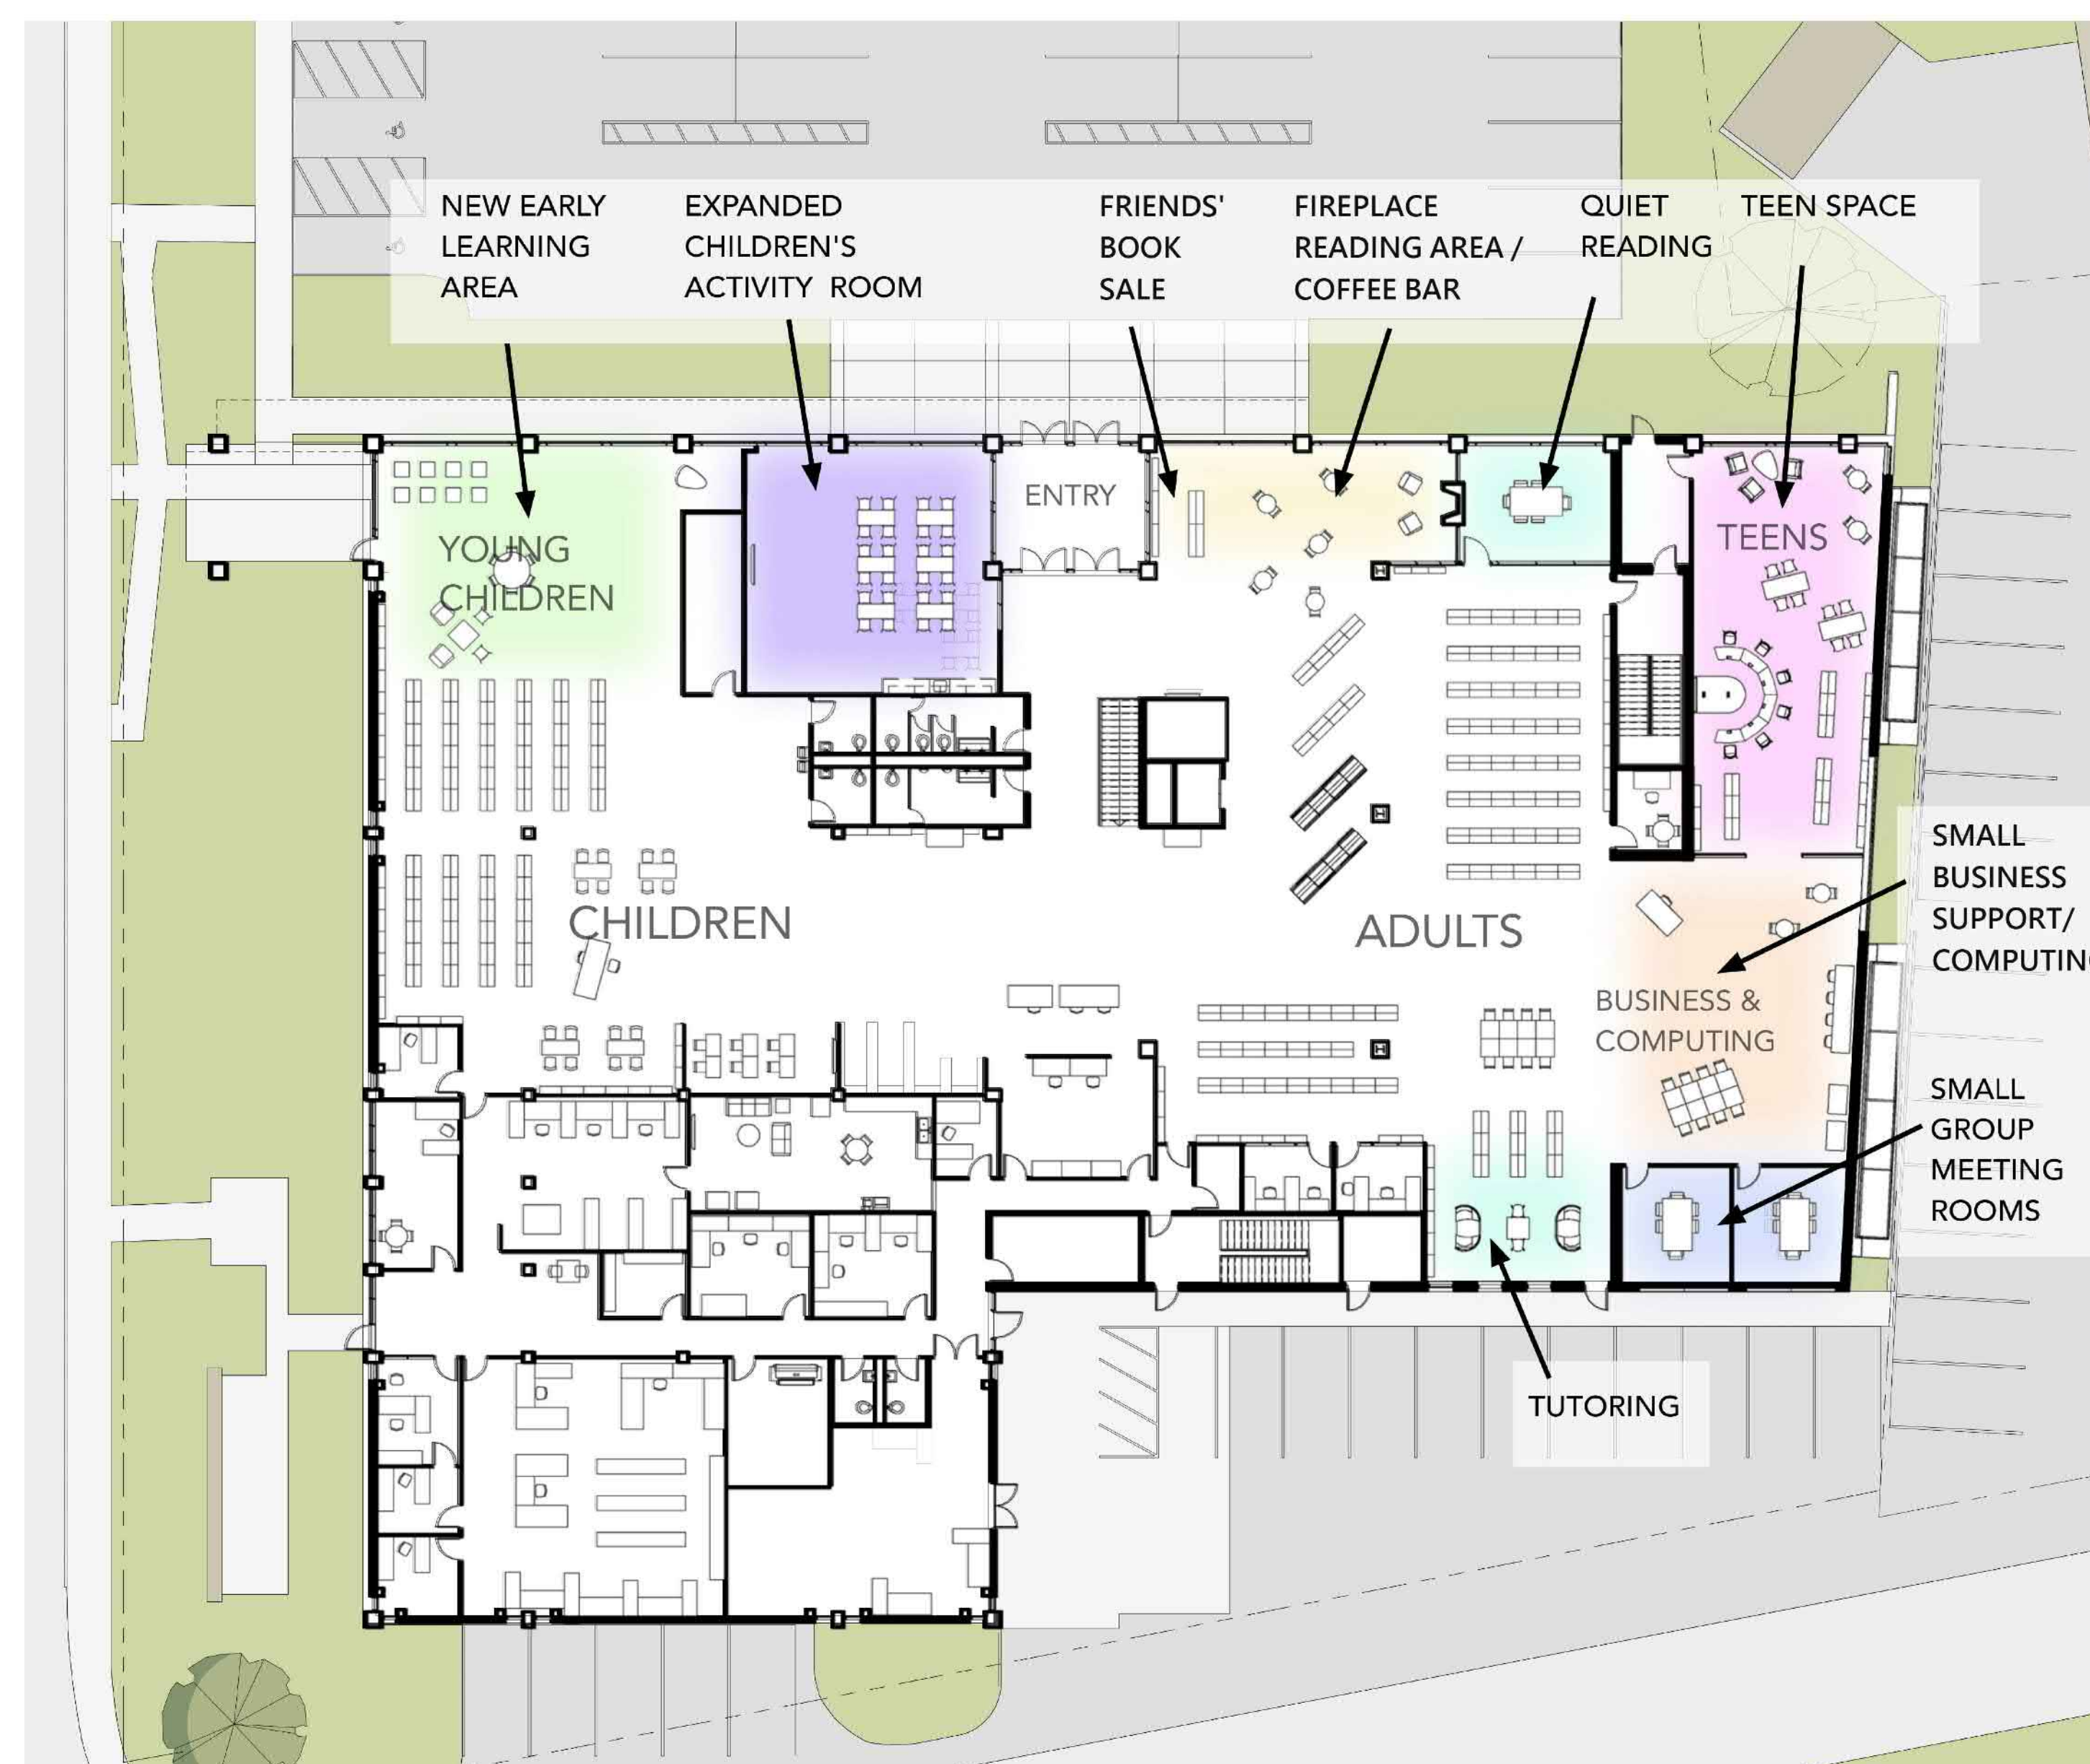

What changes could we expect?

- **Designed to be a more welcoming experience** with comfortable spaces, a fireplace and coffee bar for reading and gathering
- **A dedicated studio space** for crafting, technology and hands-on learning
- **An inspiring environment** for collaborative work, small group meetings and expanded small business support
