## *Jennifer Drinka, Library Director*

*"Here comes the sun, here comes  
the sun, and I say it's all right."  
-The Beatles*

Springtime, the Library and music all kindle a feeling of hope and possibility. Something inside us thaws and we renew our belief that we can make, do and be anything. After the "long, cold, lonely winter" I welcome you to witness all that is budding and blooming at your Library. From the flowers tilting to the sun for their first spring in the Library's Garden Walk, to the new books that beckon with fresh pages of possibility, to programs that inspire and delight, you are cordially invited to bloom into your best self here at the Library. This community haven is a safe place for you to stretch and grow. From learning how to create a rain or butterfly garden, to oil pastel painting for children, to a Poetry Walk in the Garden, there are so many ways to celebrate the season at the Library.

After all, Leo Tolstoy said, "spring is the time of plans and projects." As the robin returns and the redbuds blossom, there is an excitement in the air and a garden of opportunity right here at your Library. As you flip through the pages of "The Latest Chapter", look for moments of delight with a pen in hand and circle collections, services and programs that you want to explore.

*"Sun, sun, sun, here it comes!"*

# So, Antioch, What are You Reading?

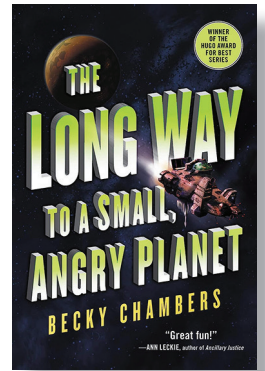

## By Becky Masik, Board President

One of my favorite questions to ask people has always been, “So, what are you reading?” It doesn’t matter if it’s the book they have on their bedside table now, a book they’ve read in the past, something they’ve recently heard about but haven’t yet read, or that book they have memorized from reading it on repeat to their child. Regardless of the answer, it is a great way to start a conversation and get to know someone with the added bonus of getting some great book recommendations! I’m excited to start 2024 off with a new installment in our newsletter - So, Antioch, What are You Reading? Every newsletter we will spotlight Library staff, board members and members of the community to share their favorites. I’ll start out with one of my recent favorite book series, but be on the lookout in future newsletters for more favorites. If you’d like to let us know your favorite, please e-mail us at [publicrelations@apl.d.info](mailto:publicrelations@apl.d.info) or message us on Facebook or Instagram, @Antiochpld.

I’ll read about anything, but I’ve been on a science fiction kick recently. I’ve discovered a series recently that has fully captivated me (sometimes to the detriment of my sleep schedule)! One of my recent favorites is the *Wayfarers* series by Becky Chambers. The first book, *The Long Way to a Small, Angry Planet*, builds a beautiful world and characters, including new species and races that captivated me. I distinctly remember reading the book the first time and being struck by the amount of connection that I felt towards an AI and a lizard species. That feels like the mark of a great book for me - if the author can evoke such strong feelings of connection with someone or something with which I have no shared experiences, and that may not even exist in my reality. While these books may not be for those readers that like hard science and epic space battles in their science fiction, they are stellar for those enjoying character development and relationship development. There are subtle themes throughout the story supporting the importance of respect and tolerance of those different from us, and a feel-good deep camaraderie between the characters that feels important in today’s world.

*The Wayfarer* series is available on the Libby app, for free to Antioch Public Library District cardholders. Add this app to your device to read or listen on-the-go! Scan the QR code to download the app and start reading today!

# The Antioch Library Friends

The Antioch Library Friends (ALF) is a non-profit organization founded in 1985 that supports the Antioch Public Library District through volunteer services and fundraising events. ALF funds many Library programs and projects with proceeds from our used book store located in the front of the Antioch Library, our yearly book sale, as well as our membership dues.

## ALF 2023, Year End Review

In 2023 the Antioch Library Friends supported many Library services. This year's subscription to Freegal Music Download and Streaming service is half funded by the Friends. They contributed to making our Grand Opening Event in the Spring a great success. They purchased the gorgeous rug and toddler play area for our Schroeder Room, that the little ones enjoy every week. In all, they gave the Library over \$11,000 last year. By purchasing from their Used Book Shop, you are supporting their efforts to make the Antioch Public Library District a hub of our community. The Library Board and Staff want to express our constant appreciation for all that the Friends do for us!
